

Lythrum junceum

COMMON NAME

rose loosestrife

SYNONYMS

Peplis portula L.

FAMILY

Lythraceae

AUTHORITY

Lythrum junceum Banks & Sol.

FLORA CATEGORY

Vascular – Exotic

STRUCTURAL CLASS

Herbs - Dicotyledons other than Composites

CONSERVATION STATUS

Not applicable

BRIEF DESCRIPTION

Low growing, many branched herb with narrow leaves, either in pairs or individual up to 4 cm long, and rose coloured flowers (up to 1.5 cm across) produced directly from the stem next to the upper leaves.

DISTRIBUTION

Scattered from Northland to Westland, locally common in northern parts.

HABITAT

Damp ground near water bodies and wetlands.

WETLAND PLANT INDICATOR STATUS RATING

FAC: Facultative

Commonly occurs as either a hydrophyte or non-hydrophyte (non-wetlands).

DETAILED DESCRIPTION

Glabrous annual or short-lived perennial; stems usually lax and straggling, to c. 50 cm tall, \pm quadrangular, \pm pink. Lvs sessile, 8-37 \times 1-9-(10) mm, linear, or linear-oblong (usually on lower part of main stems), entire but with papillate margin; base rounded, or subamplexicaul (wider main stem lvs only); apex subacute or obtuse. Fls solitary in lf axils, tristylous. Pedicels 1-1.7 mm long; bracteoles < pedicels. Calyx 5.5-7 mm long; tube narrow-obconic, tapering gradually to the narrowed base, with reddish spots about 1/2 way; lobes 0.5-1 mm long, triangular; epicalyx segments almost = lobes. Petals 6, 6-8 mm long, deep pink, crumpled; claw short; limb oblong-obovate. Stamens 12, either all \pm exserted or some exserted and some included. Style 2-7 mm long, with stigma at varying levels in different plants. Mature capsule and seed not seen.

SIMILAR TAXA

Similar to loosestrife, but all parts of that plant are smaller.

FLOWERING

December, January, February

FLOWER COLOURS

Red/Pink

FRUITING

Autumn

LIFE CYCLE

Seed dispersed by water, animals or contaminated machinery.

YEAR NATURALISED

1870

ORIGIN

South west Europe and North Africa

REASON FOR INTRODUCTION

Unknown, seed or soil contaminant.

CONTROL TECHNIQUES

Not controlled in New Zealand.
